There is an impression in experienced minds that there will be a re cession in sugar stock values before long, at the present small boom came on faster than the degree of improvement in the sugar market justified. A shading back in beets today may extend the conservative views.

Alexander & Baldwin's prediction ed at the head office of the corporato 3.67 cents. As last previous sales quotation had been 3.61, the tip proved to have been exactly right.

The planters' cable of same date gives 96 test centrifugals at 3.67 cents, and 88 analysis beets at 9s. 8d., the latter being a drop of 11/4d, from that
